## **Middle School testing plan for Second nine weeks December 11-18, 2020**

Grenada Middle School will have Second nine weeks test on campus for all students including virtual and traditional students. We will check temperatures on all students as they enter the building and require students to wear masks. We feel this assessment is very important to your student's education. The data we receive from this Second nine weeks assessment will help us to determine student needs moving forward. We will only be bringing one grade in to test at a time. Students will take one test in the morning from 7:40-10, break for lunch, and take their second test from 12:30-3:00. This will allow us to test students in very small groups with social distancing. Our top priority is student safety followed by providing the best education possible for all students at GMS. Please help us make these assessments run as smoothly as possible. Thank you for the opportunity to educate your student at Grenada Middle School. If you have any questions, please feel free to contact the school.
