

## Virtual Learning Admission Criteria Recommendations\* 2021-2022

### Initial Admission Requirements:

- A student must have a minimum average of a “C” in all classes or score at least proficient and show growth on all MAAP tests from the previous year for enrollment. The principal and/or committee will have discretion if the student does not meet academic criteria. (ie., A student with a “D” might be admitted into the program due to a documented illness.)
- The parent/guardian and student must complete a Virtual Learning Informational Session.
- The parent/guardian and student must consent to the Grenada School District Virtual Learning Agreement.
- The parent/guardian and student must attend a training session at their respective schools to receive Canvas instruction, student Chromebooks, textbooks, and other resources.

### Criteria to Maintain Enrollment:

- Student enrollment will be evaluated every 2 weeks. Students must maintain a “C” average in all classes and miss no more than 3 class periods during the two-week period. Students who do not meet this criteria will be placed on academic probation for the following two weeks.
- A teacher, parent/guardian, and student conference is required if a student is placed on academic probation. During this conference, a plan will be developed to assist the student with improving academic standing. Signatures of compliance will be required of the teacher, parent/guardian, and student.
- After a student has been placed on academic probation three (3) times, he or she will be transferred to a traditional learning plan for the remainder of the school year unless the principal or committee determines that extenuating circumstances exist. (ie., The parent/guardian provides documentation verifying that a medical condition requires the student to change learning plans.)

### Notes:

- Once a student enrolls in a traditional learning plan, he or she must remain in the program for the remainder of the academic year unless the principal or committee determines extenuating circumstances exist. (ie., The parent/guardian provides documentation verifying that a medical condition requires the student to change learning plans.)
- A Flex Option will be available to students in grades 9-12 who have circumstances that prevent them from attending live sessions. This option will allow students to complete assignments outside of school hours with the understanding that enrollment will be evaluated every two weeks. The student must maintain a minimum of a “C” average in all classes to maintain virtual enrollment.

*\*Offering this virtual learning option is contingent on meeting the attendance requirements set forth from the Mississippi Department of Education.*
